

## Truckee Donner Public Utility District

### Engineer Intern Posting

The Truckee Donner Public Utility District (District) is looking to fill a summer Engineer Intern position for 2017, in Truckee, California. This is full-time, temporary position paying \$19.56 per hour. The District is looking for a candidate that has knowledge of, and looking to gain experience in, the following technologies and skills: ArcGIS Mapping Software, AutoDesk CAD Software, GPS data collection, Electric Distribution construction standards / specifications and easement permitting. This position will be divided between gathering data in the field and preparing maps and drawings in GIS and CAD applications in the office.

The District is looking for a candidate enrolled in and completion of at least two-years in a Bachelor of Science Degree program. This position requires a valid driver's license with a history acceptable to the District's insurance carrier, walking outdoors on uneven terrain for long periods of the day documenting information and sitting for long periods at a time in front of a computer inputting information collected.

A full job description is available on the District Website ([www.tdpud.org/about-us/employment/current-job-openings](http://www.tdpud.org/about-us/employment/current-job-openings)). Resume and application (available on the website) can be directed to Kim Harris, Human Resources: [kimharris@tdpud.org](mailto:kimharris@tdpud.org).

A post-offer background check, physical and drug test is required. EOE
