

# APPENDIX I

## WATER FACILITIES FEES

### Applicability

The charges hereunder are applicable to all applicants for service at locations not previously served by the District.

### Availability

Service hereunder is available throughout the District's service area.

### Rate

The initial charge for service to applicants under the District's water tariff shall consist of a connection fee and, if applicable, a tapping and facilities fee as follows.

### WATER FACILITIES FEE SCHEDULE

| SIZE OF SERVICE PIPE | FACILITIES FEE-<br>Commercial- effective<br>1/1/2014 | FACILITIES FEE-<br>Commercial- effective<br>1/1/2015 |
|----------------------|--|--|
| 5/8" X 3/4"          | \$4,365  | \$4,486,365  |
| 3/4"                 | 6,547  | 6,729  |
| 1"                   | 10,912   | 11,215   |
| 1 1/2"               | 21,825   | 22,432   |
| 2"                   | 34,920   | 35,891   |
| 3"                   | 65,475   | 67,295   |
| 4"                   | 109,125  | 112,159  |
| 6"                   | 218,250  | 224,317  |

### Tap and/or road crossing

If a tap and/or road crossing is necessary, the charge will be the actual cost.

**Residential Facilities Fee** – Water facilities fees shall be calculated and charted according to an amount per square foot of living space for the area to be constructed. The facilities fees shall be \$1.65 times the square feet of living space as determined by the Building Permit.
