TDPUD – Customer Satisfaction Survey

Survey Methodology*

From Thursday, December 3, 2020 to Sunday, December 13, 2020, Probolsky Research conducted a live-interviewer telephone and online survey among Truckee Donner Public Utility District customers and service area residents.

A total of 400 voters were surveyed (133 by telephone, 267 online). A survey of this size yields a margin of error of +/-5%, with a confidence level of 95%. Interviews were conducted with respondents on both landline (41%) and mobile phones (59%) and were offered in English (97%) and Spanish (3%) languages. For the online survey phase, we invited participation via email and text message. Security measures precluded individuals from completing the survey more than once and allowed only the designated voter to complete the survey. Online respondents were able to use their computer, tablet or smart phone to participate.

Probolsky Research is a Latina and woman owned market and opinion research firm with corporate, election, government, non-profit, and special interest clients.

Q15. Biomass is an organic and renewable source of energy that is harvested from plant and animal waste. Typically, biomass is converted into heat or electricity, but it may also be converted into solid, gaseous, and liquid fuels. Locally sourced and controlled biomass fuel can help mitigate the risk of wildfires to our community and increase reliability because the power is generated locally. A biomass fuel facility can help reduce pollution by limiting our community's carbon dioxide emissions. Do you support or oppose the idea of Truckee Donner Public Utility District's pursuing the production of biomass fuel as an alternative source of energy even if it would require the District to raise rates?

Q15. Biomass is an organic and renewable source of energy that is harvested from plant and animal waste. Typically, biomass is converted into heat or electricity, but it may also be converted into solid, gaseous, and liquid fuels. Locally sourced and controlled biomass fuel can help mitigate the risk of wildfires to our community and increase reliability because the power is generated locally. A biomass fuel facility can help reduce pollution by limiting our community's carbon dioxide emissions. Do you support or oppose the idea of Truckee Donner Public Utility District's pursuing the production of biomass fuel as an alternative source of energy even if it would require the District to raise rates?

Q15A. Biomass is an organic and renewable source of energy that is harvested from plant and animal waste. Typically, biomass is converted into heat or electricity, but it may also be converted into solid, gaseous, and liquid fuels. Locally sourced and controlled biomass fuel can help mitigate the risk of wildfires to our community and increase reliability because the power is generated locally. A biomass fuel facility can help reduce pollution by limiting our community's carbon dioxide emissions. Do you support or oppose the idea of Truckee Donner Public Utility District's pursuing the production of biomass fuel as an alternative source of energy even if it would require the District to raise rates?

Female, 40-49, White/Caucasian, English

Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing.

Answer: All power lines in the surrounding downtown area need to go underground. This is a huge hazard near restaurants.

Male, 50-69, White/Caucasian, English

Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing.

Answer: They have a customer charge that is unfair to small power consumers. Let us pay for what we use.

Female, 18-29, White/Caucasian, English

Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing.

Answer: I am furious at the cost of water and suggested rate increase.

Female, 30-39, White/Caucasian, English

Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing.

Answer: Rates are too high, and also the unnecessary control of things

Female, 30-39, White/Caucasian, English

Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing.

Answer: Water rate increase

Female, 50-69, White/Caucasian, English

Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing.

Answer: Too many power outages

Male, 70+, White/Caucasian, English

Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing.

Answer: I am very unhappy with the proposed 5-year rate increase plan. It is terrible timing for such a large and greedy grab. I'm not at all convinced it is needed. I live here full time but the rate structure, with its large monthly fee whether one uses 1 gallon or 30,000 encourages waste and hits lower income residents really hard. I'm not one of them but I know this to be true.

Male, 50-69, Asian, English

*Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing.
Answer: Board is not very transparent. They need to provide more information on district activities.*

Female, 18-29, White/Caucasian, English

*Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing.
Answer: Rates are outrageous*

Male, 70+, White/Caucasian, English

*Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing.
Answer: A general manager contract that overpays them upon their leaving/dismissal, and paying out too much for a company to find a replacement as a recent short-term hire is a failure.*

Male, 70+, White/Caucasian, English

*Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing.
Answer: We need our power lines underground, now! If it can be done in downtown Truckee, it can be done in our residential neighborhoods too. We do NOT need such a high increase in our water bill as that which is suggested.*

Male, 40-49, White/Caucasian, English

*Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing.
Answer: The local municipality has fiber running through the community on the UP-rail line. There is no fiber to local residents.*

Male, 50-69, White/Caucasian, English

*Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing.

Verbatim Responses: Question 8

Male, 50-69, White/Caucasian, English

Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing in providing water to your home.

Answer: As soon as Donner classified some intakes we had some mould and had to hook up to the town water supply and now, I have some white stuff and it does not shut off all the way because of the calcium in the water. The guy they hired to run my water district had no idea what he was doing, and he ran the town's water well dry. They gave too much water to the golf courses.

Female, 30-39, White/Caucasian, English

Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing in providing water to your home.

Answer: The rate keeps going up. Watering a yard is good for fire protection, and we don't have a water shortage in Truckee.

Female, 50-69, White/Caucasian, English

Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing in providing water to your home.

Answer: Water doesn't taste good. There is orange slime left in my humidifier.

Male, 70+, White/Caucasian, English

Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing in providing water to your home.

Answer: Proposed 5 year rate increase plan, which is far too large in these truly perilous times we are living in, and the rate structure that actually encourages waste rather than conservation with the high monthly charge that has nothing to do with consumption.

Male, 70+, White/Caucasian, English

Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing in providing water to your home.

Answer: Poor installation of a meter eventually leaked in winter and we are on the third meter replacement.

Male, 50-69, White/Caucasian, English

Question: Please explain why you [somewhat/strongly] disapprove of the job that Truckee Donner Public Utility District is doing in providing water to your home.

Question: Why was your customer service experience with Truckee Donner Public Utility District [poor/very poor]?

Answer: The person was rude and did not answer my questions.

Male, 30-39, White/Caucasian, English

Question: Why was your customer service experience with Truckee Donner Public Utility District [poor/very poor]?

Answer: I was returning some extra light bulbs that I didn't need from my TDPUD home energy audit. The audit itself was awesome, I just miscalculated. I got flak and shame from the representative at the counter, instead of simply putting my bulbs with the stack of bulbs literally 10 feet away.

Female, 50-69, White/Caucasian, English

Question: Why was your customer service experience with Truckee Donner Public Utility District [poor/very poor]?

Answer: I find the telephone ringing when trying to report an outage is ridiculous. Had a lady that paid the bill, called about a water leak and it wasn't good. This lady literally won't stop long enough for me to type everything in.

Male, 40-49, Prefer not to say, English

Question: Why was your customer service experience with Truckee Donner Public Utility District [poor/very poor]?

Answer: I had to change my account to a full time resident.

Male, 40-49, White/Caucasian, English

Question: Why was your customer service experience with Truckee Donner Public Utility District [poor/very poor]?

Answer: It was slow and it was during covid, so you got to give them a little bit of a pass. But everyone got sick and they were working from home and they had to transfer, and it took multiple calls and emails.

Male, 50-69, White/Caucasian, English

Question: Why was your customer service experience with Truckee Donner Public Utility District [poor/very poor]?
