Dear Shanna,

I hope this finds you well.

As a full tie resident of Truckee I'm very concerned about the upcoming power outages.

To help our community through the PSOM events this summer can we please implement a micro-grid for Truckee ASAP. These power outages are a harbinger of our future with climate change, wildfires are becoming the new normal.

Truckee needs action NOW! Lets be on the right side of change.

All the best,

Krista Haskell
